Join Operation Round-Up and Make a Difference!

MVEA started the Operation Round-Up program in 1999 at the request of our members. Located in a rural area, organizations and members may not have the resources to turn to for help. For this reason, MVEA asked its members to join together to fill this very important need. Just rounding your bill up to the next dollar has generated over \$1.7 million. This money is only used for the benefit of our members and not used to pay electric bills or for political or religious purposes.

So join your fellow co-op members in supporting your community. It will cost you less than \$12 a year to make a BIG difference. If you would like to start rounding up your bill, give either office a call and they will be pleased to enroll you. If you already round-up ~ **THANKS FOR YOUR SUPPORT!**
